

Eczema Relief For Kids

soothing blend 10ml

Atopic Dermatitis (AD), often called eczema or atopic eczema, is a very common skin disease affecting between 8.7% to 18.1% of all infants and children. While the exact cause is unknown, eczema results from a combination of genetic heredity and a variety of conditions that trigger a red, itchy rash.*

Triggers vary from child to child, but can include dry skin, stress, heat and sweating, infections, allergens, and environmental irritants.*

Many children suffering from eczema experience a worsening of symptoms when they have a cold or other infection. Most have problems in the winter with cold, dry air, but others are bothered more by humid summer weather.*

Eczema Relief For Kids is a proprietary blend of Essential Oils that have been shown to assist and help support the body with the discomfort of atopic dermatitis in children ages 3 years and over.*

ingredient highlights

- **Melissa:** Also known as Lemon Balm, Melissa is a medicinally powerful essential oil famous for its soothing, memory boosting, and antidepressant abilities.*
- **German Chamomile:** Supports the body's natural response to irritation and injury by clearing heat from the body. It is well known for its anti-inflammatory properties, making it a frequent choice for use in skincare products.*
- **Lavender Vera:** From the high altitudes of Bulgaria, Lavender Vera is an excellent tonic for the nervous system. It is the essential oil most associated with burns and healing of the skin.*
- **Sea Buckthorn:** A highly prized oil typically used to treat damaged skin. It contains essential fatty acids, carotenes, and tocopherols designed to nourish and rejuvenate skin.*
- **Grapeseed:** Has several important health benefits. It is a good source of essential fatty acids and Vitamin E. The polyphenols and flavonoids found in this oil contain strong antioxidant compounds.*

USES

topical

- **Massage:** Apply to areas of concern, not to exceed two applications per day. Dilution is not required, but can be done with carrier oil if individual skin sensitivity occurs.*

topical dilution guidelines

- **Healthy individuals ages 10 and over:** Dilute to 10% (60 drops per 1 ounce of carrier oil). A topical dilution of 25% (150 drops per 1 ounce of carrier oil) may be warranted in cases of severe pain, bad bruising, or serious muscle cramping.*
- **Children 3 to 5 years:** Dilute 3 drops in 10 ml of carrier oil.*
- **Children 5 to 10 years:** Dilute 6 drops in 10 ml of carrier oil.*
- **Pregnancy:** Safe when used as directed starting in the 2nd trimester at 3% dilution(15 drops/1 ounce).*
